As the education sector evolves, so does the need for more dynamic and comprehensive appraisal mechanisms, making the

revised forms a subject of considerable interest among education stakeholders.

The Evolution of TSC Performance Appraisal Forms

Historically, performance appraisal within the TSC framework was often criticized for being overly bureaucratic and somewhat detached from actual classroom realities. with the evaluation process.

Challenges and Criticisms

Despite the improvements, the revised forms have not been without challenges. Some critics argue that the increased complexity of the forms may burden teachers and evaluators, potentially detracting from instructional time.
